

Numerous questions have arisen relating to the pack rafting leg of the 2010 Thunder Rolls Adventure Race. Above are pictures of the 2008 race. As you can see, the inflatable rafts come in various sizes and costs. I have used the Sevylor Pack Raft in the upper left corner. It is very durable and obviously can hold two smaller people. Costs can range from \$20 to \$200. They can be purchased at Dicks, Wal-Mart, and on line. Key points to remember. You must be able to inflate quickly, it must support your weight and your packs weight, and you should practice before the race. Otherwise, you will do a lot of floundering and spinning in circles.
